STRUCK IT RICH

When They Needed It Bad. 'When a two months' old baby refuse,

to nurse and cannot digest any of the 'baby foods' or cow's milk prepared in different ways, we must do something or ose the baby. That was the condition of our little one about a year and a half ago. "We tried every baby food on the market, besides the cow's milk, but nothing seemed to agree with him. He suffered from indigestion, until by the time he was nine month old, he had grown so weak and emaciated that we didn't think he could live. At last his stomach :efused to take anything, and for three days the little fellow was actually starv-ing for something he could digest. "I happened to have a box of Grape-

Nuts in the house and getting a teaspoon ful, poured a little hot water over it, letting the food stand a few minutes, then gave the haby the brown water which had the strength of the Grape-Nuts in it. He could take but two spoonsful at a time and then rest a while.

"His stomach retained the food and after one day's use of the Grape-Nuts in this way, his bowels were right, for the first time in six months. I continued to feed him the water from the Grape-Nuts and a little cream and later on the softened food itself and he steadily inproved, his little body and limbs begin-ning to get round and plump, and by the time he was a year old, he was as large again as when nine months old. At 15 months, he weighed 23-pounds, and now at 18 months, he is a great, fat, jolly baby climbing and going everywhere, full of fun, rosy checks, and bright eyes.

"During all this time his food has been Grape-Nuts; just the water at first, then later on he had the food itself. He is the best advertisement Grape-Nuts could have in this town, for every one knew his condition and no one thought he could pos sibly live. We give all the praise to this most valuable food, and never lose an opportunity to recommend it to persons suffering from indigestion and lack of ent." Mrs. C. D. Letters have come to the For Ign Mission Board of the Southern Baptist Convention, throwing important light on the situation in South and Central China. From Shanghai, Dr. R. T. Bryan writes that he is going on as usual with his work, but says that he thinks that it would be unwise to work outside of Shanghai until something definite is settled. Dr. Thomas McClay, who is a medical Dr. Thomas McClay, who is a medical missionary in Canton, China, has written a letter, dated as late as the 25th of Sep-tember, containing the following encour-

aging WCrds:

"Many have been the cries: 'Wolf! wolf! run! run!' but we are still here quietly, going in and out among the Christians who are left in this city, and helping them to endure. A number of the chapels in the country, or around Canton, have been destroyed and many Christian homes have been looted. have been looted.

"During the quarter we have had lifty baptisms, all in the Hokah fields of the Kwang-Si province, except four. This makes a total for the n ne months of the year of 125. So, amid storm and temp st. the spirit works on. We believe that wh this wave of persecution is over a great door will be opened in China for the Bap-tists of the South to press on into the interior and occupy many places."
